

## 7 days expedition western Uganda.

These seven days tour you get to enjoy a remarkable, thrilling experience with ugandas big5,the great chimpanzees and magnificent sceneries of nature.

### Itinerary

#### Day 1

Our experienced guide from our company will pick you up from the airport and drive you through Kampala the capital city of Uganda to fort portal tourism city which will be approximately 6 to 8 hours drive, then you can catch up your lunch in the town and drive straight to the lodge for refreshing and rest from the long drive.

#### Day 2

Wake up early morning at around 6 am to 6:30am and get our packed break fast and set off for the famous chipanzees In kibale national park that can take 3 to 5 hours with the chimpanzees while watching and following them with a game ranger though kibale ia also known for great birding not for getting on a lucky day we can even get to see a rare primate specie which is the red colobus monkey only found in this park. Then we can break off for lunch in the afternoon in one of creator lakes near by and then set off straight to bigodi for an evening swamp walk or community walk for about 3 to 4 hours walk in the swamp and this is optional if tied and we can then return to the hotel for dinner and resting for the night

#### Day 3

We can start our day at 9 am to a true lowland tropical forest in semuliki national park in the boarders of congo in ituli forest which is also the best habitat of most bird species and 440 are recorded and some Mammal species which are rare to see. The semuliki national park also offers the best of hot springs both male and female and this is where we can have our lunch and boil more stuffs like eggs in the boiling waters here and the we can settle off from there in the afternoon to the great water falls and caves with great African history close to fort portal town which can lead us back to the hotel after the experience.

#### Day 4 and 5

With a great morning we shall transfer from fort portal to queen Elizabeth national park through kasese district with the great view of mountain rwenzori ranges and arrive to this great second largest national park in uganda and on our way we will either stop for lunch in kasese or have our parked lunch in order to manage time for doing an evening boat cruise at kazinga channel which will give us a chance to see crocodiles , buffalos, hippopotamus that come for water in the afternoons and not for getting this is also one of place that will offer us a lot of water birds and if lucky we can even get a chance to see the shoe bill stock and we can transfer to our booked hotel from a long day drive

#### Day 5

Wake up early in the morning catch our break fast and set off for the game drive in this savannah lands which favours al lot of wise range of wild life like the 4 big five including the tree climbing lions which can only be found here in Uganda and we will then break off for lunch and drive straight out of the park to lake mburo that same evening to our reserved hotel

#### Day 6

With a gorgeous morning at lake mburo we will catch up our break fast and then set off to our game drive in the park which will offer us watching of tallest Mammal the giraffe and zebras, antelopes in the game tracks. and then break off and optional we can do a community or nature walk which offers bird watching in Rubanga forests and this can be explored with a game ranger. Well later in the evening we can rest from this long trip at the lodge

#### Day 7

Wake up in the morning with no rush according to what time is your flight we can also decide to set off early as you want and can do a stop over at the equator and even buy some trip souvenirs at the craft shop then continue to Entebbe through Kampala for your flight back home.
